

# Circuit Breaker for Equipment Wiring Instruction: 82910080

## Notes:

- 1) Circuit Breakers should be wired in accordance with schematic diagram on this page.
- 2) Connections to terminals to be made with 6.3mm female Quick Disconnect terminals or 2.8mm miniature quick disconnects.
- 3) Wire size and type to be determined by user and should be of sufficient size to cover ampacity needs of application, per applicable codes and standards.
