Subject: Statement of Compliance for California Proposition 65

The consumer protection and environmental laws of the State of California specifically through its Safe Drinking Water and Toxic Enforcement Act (California Health and Safety Code Section 25249.5) also known as Proposition 65, documents whether any of the raw materials contained in products which are sold in the State of California contain any substance known to the State of California to cause cancer, birth defects, or reproductive toxicity.

Interpower uses during its current manufacturing processes, components and raw materials that contain chemicals, including Antimony Trioxide, known to the State of California to cause cancer. Due to proprietary formulations the amounts present in the components and raw materials are unavailable.

Interpower product(s) listed below are subject to the Proposition 65 labeling requirements and bear the following warning label:

WARNING: This product can expose you to chemicals including Antimony Trioxide, which is known to the State of California to cause cancer. Go to www.P65Warnings.ca.gov.
