Grace Engineered Products, Inc. 5000 Business Park 5000 Tremont Ave., Bldg. 200, Suite 203 Davenport IA 52807 USA	5852-01 HARNESSSES-Wiring Refer to Class Description for program details	110845_0_000

Wiring harness convenience interface assemblies, Series P, rated 5A max, 250V ac max, consisting of Certified components including connector housings, rated NEMA 4, 4X and 12, surface or panel mount, with NEMA 5-15R or 6-15R outlet, circuit breaker, special-use connectors (PC/PLC interfaces), telephone jack, terminal blocks (mounted on a pcb), tubing and Accepted cable assemblies comprising Certified special-use connectors attached to Certified cables, and also consisting of Accepted extra-low-voltage (30V and less) Class 2 circuit components.

Notes:

1. Suffixes are added to the above Series designation to denote e.g. housing size, housing NEMA rating, PC/PLC interface type and power options.
2. These devices are not for interrupting current.
3. These assemblies are for computer and data processing equipment use only.
4. These are Certified only for supply to manufacturers for the assembly, as components, of equipment where the suitability of the combination is determined in the end use.
